

DUES AND MEMBERSHIP FEES

Founded in 1969 and member owned, Maumelle Country Club sets the standard for the ultimate in country club lifestyle.

Designed by golf course architect Edmund Ault, the breath-taking terrain of the championship course is 7492 yards in length. With the front nine winding through beautiful homes and luxurious townhouses and the back nine leading you through vast expanses of trees, natural wetlands and a panoramic view of the Arkansas River, Maumelle Country Club captures the true beauty of central Arkansas. While the course was designed to appeal to golfers of all levels, it also offers the ultimate challenge to the most skilled player.

The Clubhouse is warm and inviting and is a great place to gather after a round of golf or relax among good friends. It features a dining room, mixed grill and bar, banquet facilities and men's & women's locker rooms. The Pro Shop is fully stocked with the latest in golf equipment and apparel, and is staffed by PGA professionals.

Outside is a whole new world of excitement. The swimming pool has plenty of room for sunbathing and there is even a kiddie pool for the little ones. The tennis courts are available year round and are lighted for night play.

Service is the most important aspect at Maumelle Country Club. Our highly trained staff will ensure that your time at the club is completely enjoyable.

Now is the time to call our Membership Director, who will be happy to discuss the memberships that are available to you. While you are on the phone, make a special appointment for a personal tour of the Clubhouse and golf course.

The members and staff of Maumelle Country Club are ready to welcome you to the family!
